

Welcome to *LHC-CP WORKSHOP 4*

R. J. Lauckner

LHC-CP Changes

- **Design & Digging** → **Production & Installation**
- **PS-CO + LHC-IAS + SL-CO** → **AB-CO**
- **String2** → **HCWG and LHCOP**
- Requirements for Controls will be funneled from HCWG and LHCOP
- Planning and coordination with HCWG
- Technical coordination AB-CO TC
- Quality Control continues: engineering checks and approval cycles for hardware baseline
- Cross divisional coordination and communication remain a priority

CP 4, 12-13 June, 2003

Welcome - R. J. Lauckner

2

People

- Maria Elena Angoletta
 - Scientific Secretary
- Axel Daneels
 - Technical Coordination, Planning
- Mike Lamont
 - TT40 and TI 8 Architecture, LHC Beam Test
- Robin Lauckner
 - LHC Controls Coordination, link to HCWG, LHCOP (Scientific Secretary)

CP 4, 12-13 June, 2003

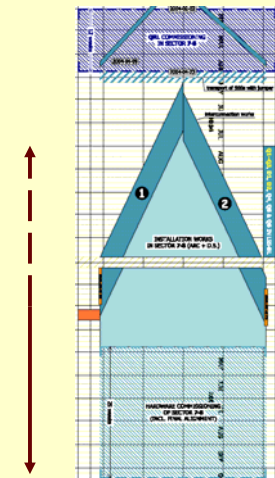

Welcome - R. J. Lauckner

3

Theme

- Focus on Hardware Commissioning
- HCWG working on defining this!
- Preparation of Systems and Facilities required for HWC
- Building on TT40, TI 8 and QRL

CP 4, 12-13 June, 2003

Welcome - R. J. Lauckner

4

Programme

- **Session 1 – Technical Services**
 - Chair Pierre Ninin
- **Session 2, 3 – Common Controls Facilities**
 - Chair Mike Lamont
- **Session 4, 5 – Hardware Commissioning**
 - Chair Maria Elena Angoletta
- **Wrap-Up**
 - Bertrand Frammery [Actions and Follow-up](#)
- **Session 6 – Summaries (AB Seminar, June 19)**
 - Werner Herr
